

## **Day Use Trail Guide-map attached**

Remember!...Please stay on the designated trails! Cutting off trails can endanger your life!

The park trails are here for you to enjoy. We ask that all visitors share the responsibility of maintaining their beauty. Dispose of all trash properly, stay on the trails to prevent erosion, and keep motorbikes and pets off the trails. Please leave the plants and animals as peacefully as you found them, so others may enjoy their beauty.
